

...it gives her the chance to thrive!

# About Christian Children's Fund of Canada:

Christian Children's Fund of Canada (CCFC) is an international development organization addressing the needs of children in economically poor areas. For 50 years, Canadians have supported children and families of all faiths and ethnic backgrounds to help them break the cycle of extreme poverty and replace it with a cycle of self-reliance. We help give families the tools they need to create a sustainable future for their children.

Imagine what your  
sponsorship can do for her...

# A sponsored child tells his story...

## When I was growing up, life was hard.

I lived with my mother in a small community in Costa Rica. My father was gone and mom worked hard to provide for our needs. Still, it was a struggle just to get enough food. I couldn't even go to school or see the doctor when I got sick.

## Then Mr. and Mrs. Wilson decided to sponsor me through Christian Children's Fund of Canada.

At such a young age, I didn't know where Canada was, but I was always thrilled to receive their letters from a far away land. Their monthly support made all the difference. It let me get regular check-ups from the doctor and go to school!

## Education opened doors and inspired me.

Because of the Wilsons' help, I was able to go to Texas to further my education. There I met and married a wonderful woman from Canada and we now have four children of our own. I want them to know they can help children who don't have the things we sometimes take for granted – healthy food, a warm bed and a safe house – just like the Wilsons helped me.

**Mr. and Mrs. Wilson gave me the chance to reach my full potential. Won't you join them in giving other children the chance to reach theirs?**

As a child, Laurence lived in extreme poverty. But after becoming a sponsored child through Christian Children's Fund of Canada, his life was turned around!

Today, he is a youth pastor in Alberta.

Once you make the decision to become a child sponsor, we will send you an interactive sponsorship kit that includes journal pages, photos, stickers and other ways for you to connect with your sponsored child.

After you receive your sponsorship kit, we invite you to take some time with your family and friends to look through your sponsorship journal and learn more about your sponsored child and their community.

The children love to send samples of their school work and pictures to show where they live. Many sponsors also enjoy sending their sponsored children photos, birthday cards and small paper gifts like stickers. Others find it rewarding simply to know they are helping a child living in poverty. However you feel comfortable engaging with your child, you can enjoy your time together as you discover how sponsorship transforms a child, a family, a community... and even yourself.

Sponsorship is such a simple but powerful way to impact a child.

Normally, a child living in poverty struggles to get healthy food, clean drinking water, vital medicines and education. But because of your monthly gift of \$38, your child won't have to worry about everyday necessities.

The opportunities you open up to your sponsored child are significant. They can dream about becoming teachers, doctors, business people and leaders – and know it is possible to achieve their dreams!

A child right now is waiting for a sponsor. You can change a life today by visiting [www.cfcCanada.ca](http://www.cfcCanada.ca) and selecting a child to sponsor.

# Yes! I would like to sponsor a child today!

## Here is my first monthly gift of \$38
